7. Promote female education nationwide
8. Adult education workshops in rural areas

## **CompAfriCare Foundation & Street Wise International**

### **What we intend to do:**

1. Ten (10) live musical concerts in all ten (10) regions in the Ghana; this will feature spectacular performance by renowned and celebrated sensational hip life and highlife musicians nationwide.
2. Forty (40%) of the gate proceeds from all the events will be given to the ministry of women and children affairs (MOWAC) to aid in the fight to get street children off the streets. And build two (2) more well stuffed libraries/learning centers in two under-privileged areas.
3. Another forty (40%) will go into the Compafricare Foundation account. this account which is specially designed to help the needy in society especially street children in pursuing reasonable lives as expected of them. it might interest you to know that these children have dreams just like any other children in so called big schools, and if you ask them they want to be doctors, lawyers etc.
4. We are making amends to bring Former President of South Africa, Nelson Mandela, former president of the United States of America, Bill Clinton and former secretary general of the United Nations, Kofi Annan to give state of the art speeches on the day of the final event at the National Theatre in Accra on the 26th of December 2009.
5. A Television documentary to highlight the daily life of a typical street child, this will be aired on local and international TV. Stations.
6. A song and music video composed and sang by various artistes to aid in the campaign to save street children.

## ARTISTES WE INTEND TO STAGE

Every time someone becomes a sponsor, two lives are forever changed. Of course, the lives of sponsored children are changed for the better as a result of your financial gifts. With your support, and the support of other caring sponsors, we work with a child's family and other members of the community to develop the entire community's ability to take care of itself. The children will benefit from much-needed programs that enable them to attend and thrive at school, provide basic medical care and hygiene education. Families benefit as well, through economic opportunity programs that provide training for parents so that they can better support themselves.

But the children also benefit in ways you can't even imagine. The love you provide through a simple letter may be the encouragement a struggling girl or boy needs to make it through another day.

You'll see up close and personal how you've given your child the chance for a better, and a brighter future.

The Second Life that is changed is Yours

How can you not be touched by the photographs ... the letters ... the drawings from your sponsored child? You'll see your child's face change and mature as he or she grows up happier and healthier — thanks to your caring and commitment.

When you become a child sponsor, it will forever change your life and the life of the child you sponsor. The special relationship you can develop with your child is something you'll both cherish forever
